Anya

ho~~

Lady Clothes

I'll measure your size then. Please come this way.

Anya

Anya is going to be sold?!

Loid

You won't be sold if you're a good kid.
Where did she learn this sentence from?

Loid

The seamstress is already married.

Loid

As for the owner..., she was on the list of single women earlier, but she has been arrested once before for political campaigning, so the risk is quite high. It's not so easy to get things right with favorable conditions.

Yor

Excuse me!

Lady Clothes

Oh, long time no see, Yor.

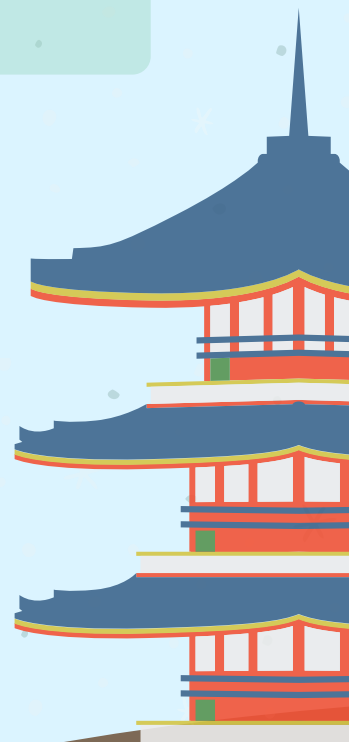

Yor

I would like to commission a fix for my dress.
Could you do it quickly?

Lady Clothes

Of course!

Loid

Did she just casually sneak up behind me?

Loid

Just whoever is she? Yor... Yor... There it is! Yor Briar, 27.
No record of the marriage, her parents have passed away, and she has a brother much younger than her.

Loid

Both of them are public servants and have a clean record so far.
Just an oversight on my part? I have been so relaxed lately...

Loid

As for the owner..., she was on the list of single women earlier, but she has been arrested once before for political campaigning, so the risk is quite high. It's not so easy to get things right with favorable conditions.

Yor

Um.. You have been staring at me earlier...
Do you need something?

Loid

Ah... Um... She could tell that I was staring at her?!
I just thought that you are so pretty...

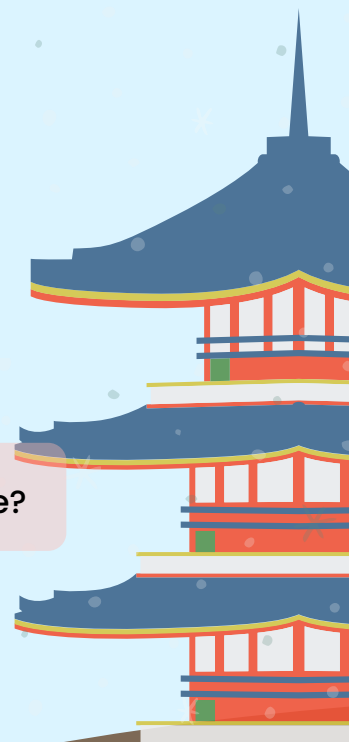

Yor

Are you saying you have a positive impression of my appearance?

Loid

Hm? Well, Yeah...

Senpai (Yor's thinking)

You already look good the way you are. I bet you will be the talk of the town!

Anya

Papa~ :3 , Anya measured my height just now.
uh, Who's that?

Loid

Just another customer.

Yor

Oh, He comes with a daughter. I almost invited someone's husband.
I heard someone who does that gets killed by the wife...
Well, I can just kill her back though.

Anya

Huh?!

Yor

This is bad! I must not have these thoughts, or someone will find out
that I am an assassin!! I need to act more naturally...

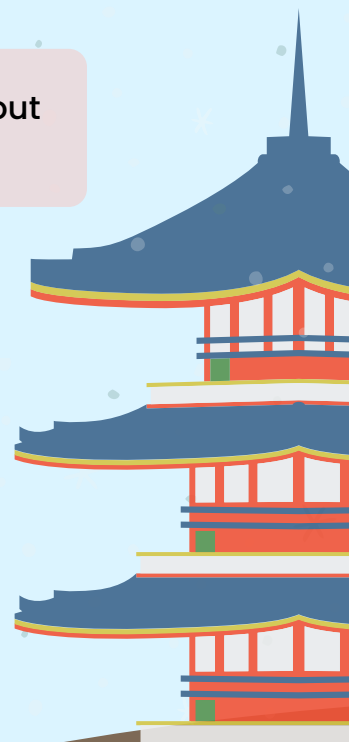

Anya

A..A... An assassin ?!?!
A spy... An assassin... This is... so exciting!!

Narrator

She was hungry for entertainment.

Loid

I thought I would take her as a bride for the mission,
but I changed my mind.

Anya

Huh?!

Yor

I thought I would bring him to the party as my boyfriend..,
but it would end up as a warzone, so I can't !!!

Anya

Anya doesn't have a mother, it is so lonely~~

Loid

Hmm..? What are you doing? - -;;

Anya

I long for the existence of a mother...

Yor

Your wife isn't with you now? (?-?)

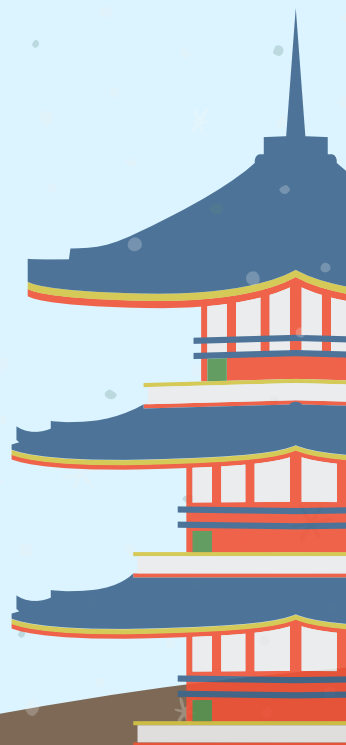

Loid

Ah well, my wife passed away two years ago...
I'm raising her as a single father now.

Yor

No one would kill me if I invited him....!
